E HJ29V	d		1.3 - xenon light China changed part number							
			3.7 - change position and part number of sticker engine identification China							
			Added R55 labels: 6.9, 6.10, 8.2, 9.4, 9.5, 9.6							
E HN14 W	e		Added 7.5 for Convertible				17.07.07	RA		
			Added 9.7 and 9.8 for Convertible							
			7.3 added sticker for R57							
			6.9, 6.10 changed position for R55 manufacturer data and airbag sticker							
			9.5 changed position for roadside/accident assistance							
			8.2 updated part number R55 first aid kit and warning triangle sticker							
			3.5 added emission label MY08							
			6.5 deleted for MINI STICKER TIRE PRESSURE CONTROL SYSTEM							
			6.3 added STICKER TIRE PRESSURE not US							
			3.7 sticker engine identification fit in china preparation center not in Oxford							
			For Old History see DZA							
E HA3 1X	f		3.4 brake fluid sticker updated picture				17.01.08	RA		
			3.5 underbonnet exhaust sticker also for R57							
			6.1 sticker spring lock back deleted for R57							
			6.4 Tyre Runflat Indicator china 6773016 added							
			7.5 Convertible S/Top warning 7167805/806/807/808 deleted							
			7.5 Convertible S/Top warning added picture							
			8.1 sticker spare wheel lifting deleted for R55 and R57							
			9.3 sticker tailgate security added for R57							
			9.7 roadside and accident assistance updated picture							
			9.8 load trunklid NAS updated picture							
EHB33X	g		1.2 China airbag China corrected China code				21,02,08	RA		
			3.6 sticker ignition coil fitted in Hams Hall and dependant by engine type							
			3.7 sticker engine identification fitted in china preparation center and dependent by engine type							
			6.4 Tyre Runflat Indicator china 6773016 corrected China code
